About Us

Diligent Trading and Contracting W.L.L is an ISO 9001:2015 certified company established in the year 2015 in the state of Qatar. **Diligent** is comprising of multiple divisions as Trading, Contracting, Maintenance and project engineering segments catering our esteemed clients in the country. Our trading division have been able to associate with major principals in the global industry in Asia, Europe, Middle East and the USA for catering the Qatari market. Our fast and reliable logistic system, backed with 2000 sq m stock facility, make us deliver our supply material 'on-time' or ahead of time to our clients. Please see the following pages for list of our steel pipes and fittings, and our principal companies. Within a short time frame, **Diligent** has achieved a leading position as a Reliable supplier catering to Oil and Gas, petrochemicals, Power Generation, Construction, Marine, Dredging and other associated industries.

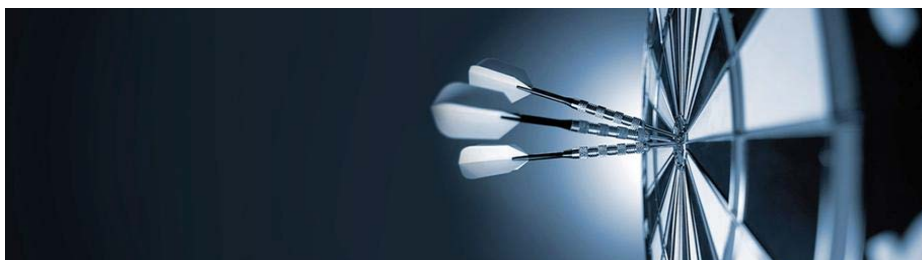

Corporate Values

Our core value is to contribute positively to the growth of ourselves along with the growth of the Nation, and to provide our service with great reliability with high moral standard and business ethics. We as a team, work hard to continuously improve our expertise and our system, with a leadership and accountability. Our core value is focused towards the customer satisfaction, and maintaining relationship with professionalism, quality, timely completion and prompt delivery.

Vision

To become the most reliable Company in the market of Qatar, with a reputed position along with utmost devotion, in the finest standard of professionalism, ethically under any challenges.

Mission

To contribute to development of the society, while participating in building a self sustainable Nation, by expanding our horizon to reach out to the customers, and securing global tie ups with the customer demand, anticipating the tremendous need of material for building, infrastructure and oil field in Qatar.

Valves

- ◆ Cast Steel Gate / Globe and check valves from Size 1/2 inch to 48 inch In CL. 150, Cl. 300 and CL. 600
- ◆ Forged Valves in SW / NPT CL.800 / 1500 Size 1/2 to 2 inch Gate / Globe / Check and Ball Valves in CS / SS / Duplex / Super Duplex and Ni Alloys
- ◆ Ball Valves CL.150 / 300 / 600 / 900 / 1500 / 2500 up to Size 48 inch and Actuated Valves on application
- ◆ Gunmetal / Bronze valves for Oil / Gas Application
- ◆ Instrument Manifolds and Needle ball Valves for various applications

Pegler Yorkshire

Forged Steel Valves

Fasteners

- ◆ Types :- High Tensile Bolts / Stud Bolts / High Tensile Nuts / Washers / Threaded Rods / Anchor Bolts / Spiral Wound /Fibre/Metal Ring Joint Gaskets / Flange Insulation Kits / Sealing Tapes / Packing etc.
- ◆ Materials :-Carbon steel , Mild steel , Alloy steel , Stainless Steel
- ◆ Specifications/ Grade :-Grade 8.8, 10.9, 12.9, ASTM A325, A490 , 4.6, 4.8,Grade 304 /A2, Grade 316 / A4, Grade 316L.Thread: UNC,8UN,UNF, Metric Course and Metric Fine.
- ◆ Size Range :- M06 To M64 and ¼” To 2”, M10 To M100 and 3/8” To 4”, M03 To M100 and 1/8” To 4” M03 To M110 and 1/8” To 3, M6 To M100 In Metric Series,¼” To 4” In Imperial., M6 To M100 In Metric Series,¼” To 4” In Imperial.
- ◆ Finish :- Zinc Plated/Electro Galvanized, HDG, Cadmium Plated, Chrome Plated, PTFE Coated. Self Finish, Black Parkerized Finish.
- ◆ Make/ Origin :- Europe, India, Malaysia

MS Channel Hollow Sections

- ◆ PRODUCTS :- HOLLOW SECTIONS / ANGLES / Channels / BEAMS / MS FLAT Products Stainless steel Products
- ◆ TYPES :- SHS, RHS , CHS / EQUAL , UNEQUAL ANGLES / UPN , C Channels / Beams , H Beams , Universal Beams / Plates , Chequered plates , Flat Bars / SS Sheets , Flat Bars
- ◆ SPECIFICATIONS/ GRADE :- EN 10025- S275 JR/JO/J2, S355JR/JO/J2 JIS 3101 SS 400, ASTM A36, A572 GR 50
- ◆ SIZE RANGE :- RHS 25 x 25 TO RHS 400 x 300 /SHS 25x 25 TO SHS 400 x 400 / CHS 4" TO CHS 10" Equal - 25mm x 25mm TO 250mm x 250mm / Unequal - 65mm x 50mm TO 200mm x 150mm / 50 X 25mm to 250 x 90mm
- ◆ THICKNESS:- 1.5mm to 20mm

Top Cable Authorized Distributor

Barcelona, Nov 20th Nov 2017
Subject: Distribution Appointment

To whom it may concern

TOP CABLE, spanish manufacturer of Low Voltage Cables, placed in Parc d'Activitats Economiques Can San Joan, Leonardo da Vinci st. No1., 08191 RUBI, BARCELONA, SPAIN, VAT Nº A59033498,

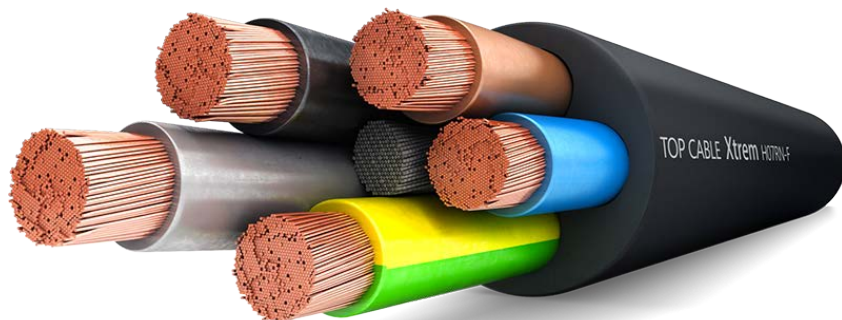

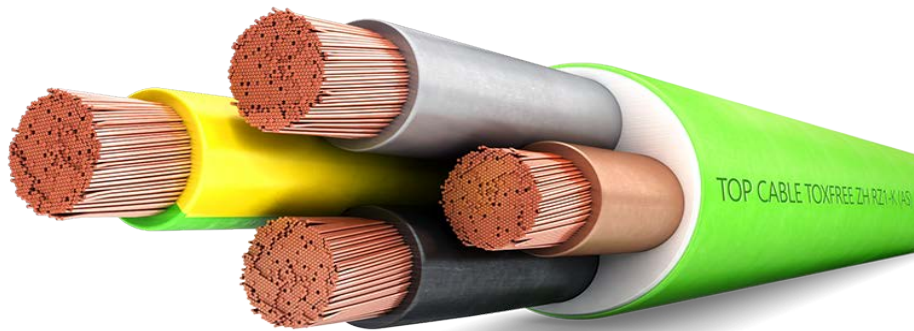

hereby APPOINTS DILIGENT TRADING W.L.L QATAR SISTER COMPANY OF AL-KHALEEL BMT AS AN AUTHORIZED DISTRIBUTOR TO SELL TOPCABLE PRODUCTS IN QATAR RAIL PROJECTS.

Yours faithfully,

A handwritten signature in blue ink, appearing to be "Marc Duran", written over a horizontal line.

LSHZ TOXFREE RZ1-K AS	Application	TOXFREE ZH RZ1-K AS is a LSZH safety cable. In the event of fire, it does not emit toxic gases, nor does it give off corrosive gases, avoiding any possible damage to people or electronic equipment. For these reasons it is highly recommended for use in public places such as: hospitals, schools, museums, airports, bus terminals, shopping malls, offices, laboratories, etc.
	Design	This type of cable is designed, manufactured and tested according to IEC 60502-1.
	Conductor	Electrolytic annealed copper conductor, class 5 according to IEC 60228.
	Insulation	Cross-linked polyethylene insulation, type XLPE according IEC 60502-1 and type DIX-3 according to HD 603.
	Outer sheath	LSZH polyolephine outer sheath. Green color, non-toxic and fire retardant.
	International norm:	IEC 60332-1 / IEC 60332-3 / IEC 60754-1 / IEC 60754-2 / IEC 61034
	Characteristics	Nominal voltage: 0,6/1 (1,2) kV Maximum operating temperature: 90 °C Minimum operating temperature: -40 °C (static, with protection) Minimum installation and handling temperature: 0 °C Maximum short-circuit temperature: 250 °C (maximum 5 s.) Minimum bending radius (static): 5 x cable Ø
XTREM H07RNF	Application	XTREM H07RN-F rubber cables are designed to supply power to low voltage appliances including electric motors and submersible pumps in deep water installations as well as many other types of electrical equipment. Thanks to its extraordinary flexibility and mechanical strength, the Xtrem H07RN-F cable is ideal for power transmission in both fixed installation or mobile service. The nominal voltage up to 1000 V thanks to the high dielectric properties of the insulation material (according to HD 516).
	Design	This type of cable is designed, manufactured and tested in accordance with EN 50525-2-21 and IEC 60245
	Conductor	Electrolytic annealed copper conductor, class 5 according to IEC 60228.
	Insulation	Thermosetting rubber insulation, type EI7 according to EN 50363-1.
	Outer sheath	Thermosetting rubber outer sheath, black, type EM2 according to EN 50363-2-1.
	International norm:	IEC 60332 -1
	Characteristics	Nominal voltage: 450/ 750 V Temperatures: Maximum operating: 90 °C Min. operating: -40 °C (static, with protection) Min. installation and handling: 25 °C (on cable surface) Maximum short-circuit temperature: 250 °C. (maximum 5 s.) Minimum bending radius static: 3 x cable Ø (Ø cable <12 mm) 4 x cable Ø (Ø cable ≥12 mm)

1. Conductor

Electrolytic copper, class 5 (flexible), based on EN 60228 and IEC 60228.

2. Insulation

Cross-linked polyethylene (XLPE)

The standard identification of insulated conductors is the following:

- 1 x Natural
- 2 x Blue + Brown
- 3 G Blue + Brown + Yellow/green
- 3 x Brown + Black + Grey
- 3 x + 1 x Brown + Black + Grey + Blue (reduced cross section)
- 4 G Brown + Black + Grey + Green/yellow
- 4 x Brown + Black + Grey + Blue
- 5 G Brown + Black + Grey + Blue + Green/yellow
- 6 G or more conductors: Black numbered + Green/yellow

3. Outer sheath

Low Smoke Zero Halogen (LSZH) polyolefin. Green colour, non-toxic and fire retardant.

Ritmo HDPE Welding Machine

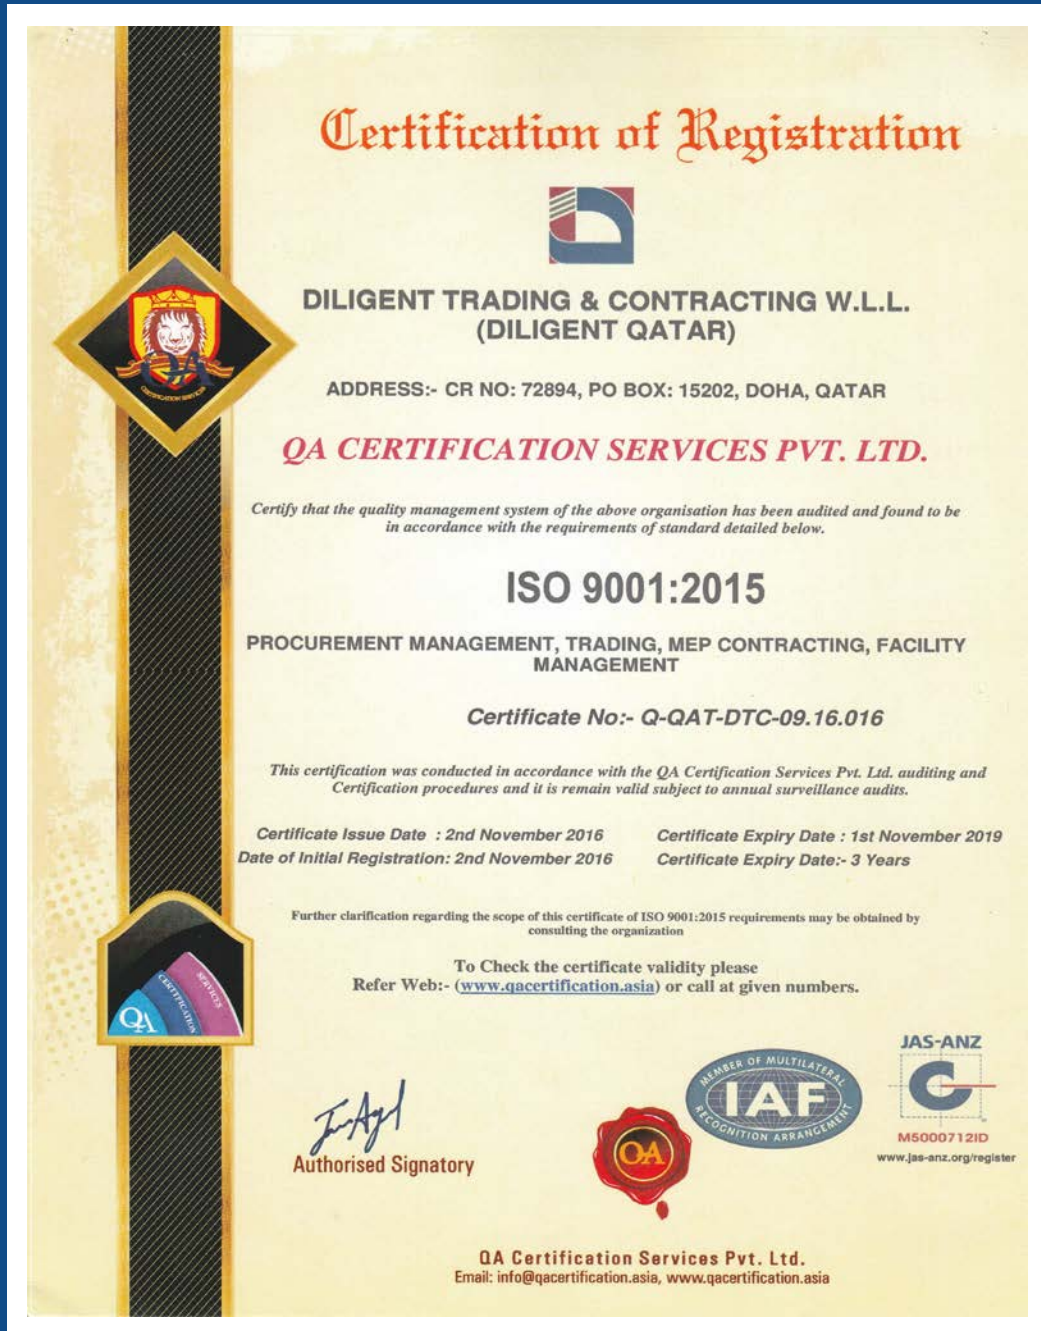

- ◆ HDPE Pipes Welding Machines with Butt fusion, Electro Fusion and Extrusion Equipments.
- ◆ Working Range from 32mm to 1600mm for Butt Fusion machines and from 40mm to 1600mm for Electro Fusion machines.

Industrial Equipments and Machinery for Rental

Diligent also Supplies Air Compressors, Hydraulic Jack and presses, Welding Equipment's, Tower lights on Rental Basis.

ISO Certification

DILIGENT IS Iso certificate ISO 9001:2008 and implements the highest standard of quality management system and design. The principles implemented are the frame work used by the management to improve performance and perpetuate excellence.

DILIGENT is 100% customer focused to understand the current and future needs and strive to exceed the expectations. We continuously revive and update our policies to improve customer loyalty, research, understand and communicate needs and expectations. Also systematically manage relationship and evaluate satisfaction and act upon the results.

We have a leadership oriented approach all the activities are evaluated, aligned and implemented in a unified way. Chances of miscommunication is minimized. All the resources for periodic training are available and our staff have the freedom to act with responsibility and accountability.

Also we ensure their complete involvement and provide a platform to seek opportunities to enhance their competence, knowledge and experience thus evaluating their performance against their personal goals and objectives.
